INSTRUCTIONS

1. The list for each parish should include all deliveries of cane from producers located in the parish, and a separate list must be prepared for each parish from which cane was received. Sufficient copies of each parish list shall be made so that at least three copies can be furnished to the county office for the parish concerned.
2. All entries on this list must be typed.
3. The names of producers must be listed alphabetically. (Names should be the same as that shown on the official parish list of producers.)
4. Tons of cane should be carried to the nearest tenth.
5. Percentage of sucrose in normal juice shall be carried to the nearest hundredth.
6. Normal juice sucrose shall be the weighted average sucrose of all deliveries of cane by the producer to the mill.
7. Any erasures or type-overs in columns 1 to 5, inclusive, must be initialed by an authorized agent of the factory.

SECTION 507.—SUGAR ACT OF 1937.

All persons engaged in the manufacturing, marketing, or transportation of sugar or liquid sugar, and having information which the Secretary deems necessary to enable him to administer the provisions of this Act, shall, upon the request of the Secretary, furnish him with such information. Any person wilfully failing or refusing to furnish such information, or furnishing wilfully any false information, shall upon conviction be subject to a penalty of not more than \$1,000 for each violation.

I, the undersigned, hereby certify that the record of deliveries set forth above is correct and represents only bona-fide deliveries of the 1938 crop of sugarcane which was processed for the extraction of sugar in the sugar factory named above.
